

Crowder Rods

BLUE WATER RODS

Crowder Blue Water Rods consist of the finest materials and components available today. Our blanks are built with premium E-Glass and are designed to handle the most strenuous loads.

All Blue Water Rods are built with top quality Fuji and Aftco components. Crowder offers the largest selection of models, whether you're fishing for king mackerel or giant tuna. Blue Water Rods consist of Stand-Up, Big Game, Spin Troll, and IGFA Rods. Crowder Rods has designed the right rod for every venture.

W - Aftco Wind On Black Roller Guides

BLUE WATER RODS

Tarpon, Jig and Bottom rods were developed for heavy-duty fishing situations. The LB and SLB models feature an unbelievable graphite composite blank. This blank is light-weight but can handle any large fish situation. All LB and SLB models feature Fuji guides. The CLB and CSLB models are composed of high-strength E-Glass similar to the Blue Water models. CLB models come with stainless steel foul proof eyes that are virtually unbreakable. This entire series will provide the power needed to tackle the largest game fish like tarpon, grouper and snapper.

E-SERIES SALTWATER

The E Series was developed to satisfy the more economical fisherman. This series still features the same E-Glass blanks, as the Blue Water Series, but with a lower price. In addition, the E Series offers Stand-Up rods with Aftco roller stripper guides and top, and models with all HD rollers and Stuart 1-piece Butts. There is a complete line of Stand-Up, Spin Troll, and Boat Rods. The E Series is simply the best rods available for the price.

X SERIES

The X Series is built on a revolutionary graphite blank which has lower modulus graphite in the upper section of the blank and high modulus in the lower section. This allows the blank to have a sensitive tip, yet, still be very light weight and have the power to turn large fish. The blanks come with a matte grey finish. The X Series is built with Fuji Alconite Concept Guides in a black stainless finish. All models come with Fuji reel seats and the casting models have "blank exposed" reel seats.

JIGGING RODS

From jigging for grouper, snapper and amberjack to pitching live baits to cobia, Crowder Rods new Jigging Series is specially designed for hardcore deepwater fishing. Our custom-designed blanks are a blend of mid-modulus graphite and Eglass, providing an excellent strength-to-weight ratio by combining an exclusive combination of small diameter with increased wall thickness.

Crowder Rods then uses custom rod building techniques to combine quality workmanship with quality components like Fuji guides, giving the Jigging Series the strength and power to handle heavy braided lines and the ability to subdue the biggest bluewater gamefish.

Sportsman Series Rods are designed for the true light-tackle fisherman with aspirations of catching large fish on the lightest tackle possible. These rod blanks are made from 33 million-modulus high strain graphite fiber which allows the rods to be as light as possible without sacrificing strength. The Sportsman Series is composed of Stand-Up, Spin Troll, Spinning, and Casting Rods. The Stand-Up and Spin Troll rods were designed specifically for local sailfish tournament fisherman, however, are capable of taking any species of fish. The Spinning and Casting Rods were designed for snook fishing in the local waters of Stuart and also work great for other large game fish like striped bass, cobia, and tarpon.

DEEP DROP & COMMERCIAL SERIES

Crowder Deep Drop Rods are built out of our own specifically designed 50lb., 80lb., and 130lb. blanks. All Deep Drop Rods are built with Aftco Chrome Wind-On Guides and Swivel Tops.

The Commercial Series is designed for the big-game fisherman. The series is built with top quality components designed to take the abuse of every day fishing. The series utilizes the same top quality E Glass blanks as the Bluewater Series. The entire series is built with chrome Aftco Roller Guides and Stuart reel seats or aluminum butts. This series consists of stand-up rods from 30lb. to 100lb. with either Aftco Heavy-Duty Rollers or Wind-On Rollers. Also, there are Commercial Trolling models in 80lb. and 130lb. with Aftco Big Foot Rollers.

BLUE STEEL

CROWDER BLUE STEEL

From Crowder Rods, maker of the highest performing fishing rods on the market, comes yet another breakthrough, the Blue Steel Series. Crowder's new Blue Steel line is the most advanced rod on the market, featuring a proprietary blend of 72 million modulus high strain carbon fiber. New technology gives the Blue Steel an infused outer coating to reduce the chances of outer fracture, while Fuji Sic guides, Fuji reel seats and high grade cork combine to create the most powerful, lightweight rods available. But technology isn't everything; Crowder's legendary craftsmanship and attention to detail, like a unique Titanium plug, give the Blue Steel rods unprecedented balance and durability. The Blue Steel inshore line was designed and manufactured in Stuart, Florida and tested on the area's tremendous inshore population of snook, tarpon, seatrout and redfish.

CROWDER RODS

Crowder Rods stands behind every rod built, assuring the highest quality and performance available in a fishing rod today. Every rod is developed and designed by Rob Crowder. Rob has been fishing and manufacturing rods in Stuart, Florida his entire life. Rob started in the business as a custom rod builder and has developed that small custom business into a full-scale manufacturer. All Crowder Rods are produced using that "custom rod experience" which makes them the finest production fishing rods available in the world today.

WARRANTY

All Crowder Rods have a lifetime warranty against any defect in material or workmanship. We repair or replace any rod found to be defective, at our option. This warranty does not cover misuse or normal wear of a rod. In the event of a broken rod, please send it to: Crowder Rods, Inc., 3040 SE Dominica Ter., Stuart, FL 34997. If there are no signs of misuse or negligence, the rod will be repaired or replaced free of charge. Should any breakage or defect be due to misuse or negligence, we will repair or replace the rod for a minimal fee.
